IF YOU ARE AN IMET PROGRAM MANAGER READ THIS MESSAGE CAREFULLY!

There are many recent developments that you need to know about and act upon for the upcoming EUCOM TPMR.

PRIORITY B. Currently IMET only uses priority A & D. Priority Code B is a new code that you must use to identify training for which you're going to request End of Year funding. You may start using Priority B effective 15 March to make changes on your ISTL so they will reflect your desires for end of year funding at the TPMR. You may only use Priority B for your FY01 training program. FY02 training priorities remain A & D. Priority B will be initiated for FY02 shortly before next years TPMR.

FY03 ARMY PROGRAMS. SATFA has started loading FY03 class dates into FY03 ISTLs. Start reviewing these dates to ensure they're compatible with your Training Plans. Don't sit on a class date if you know you're not going to use it. Turn it back so it can be redistributed to another country.

MOBILE TRAINING TEAMS/MOBILE EDUCATION TEAMS AND 5TH QUARTER FUNDING

MTTs and METs are not repeat not eligible for 5th quarter funding. This is a result of a recent legal review. The exceptions that DSCA was able to grant the past two years will NO LONGER BE ALLOWED. Don't even ask. HOWEVER, MTTs and METs may now cross over fiscal years. This means that you can plan a MTT or MET to start in mid-September and have it continue teaching into October or November. This gives you a little more flexibility in your planning.

FY03 IMET FUNDING LEVELS

In your Two Year Training Planning under paragraph 2 (SECURITY ASSISTANCE TRAINING PROGRAM OBJECTIVES) please add a new subpara 2E called:

- **FY03 RECOMMENDED IMET FUNDING.** Enter an amount that is consistent with the Mission Program/Performance Plan (MPP). Please provide a short justification/explanation of how the funding will be used and how it will meet country team objectives; especially if it is a change from FY02 recommendations.

If you have any questions please contact me, Capt Malcolm Blair, or Mr A.D.

Denson here at EUCOM.
